

Mazel micro:bit

Věčně nespokojená ovečka

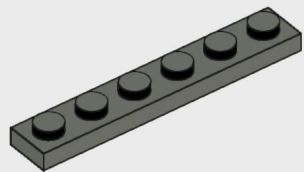

Žijeme v době, kdy máme řešení nebo dokonce chytrou aplikaci skoro na všechno. To bohužel příliš nemotivuje k hledání a vynalézání nových řešení!

V HW Kitchen se snažíme to změnit a znovu probudit v lidech jejich přirozenou představivost a tvořivost.

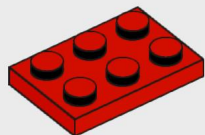

Stavebnice micro:bit vám přinesou spoustu zábavy, naučíte se s nimi základy programování, ale hlavně jak tvořit věci, o kterých jste předtím třeba jen snili!
